

Additional Healthcare Partners

Members of long-term care facilities, dialysis centers, FQHCs, etc. will meet to address the new emergency preparedness requirements and subsequent issues facing facilities that are not hospitals.

Information Sharing

The work of this committee includes the coordination and ability to conduct multi-jurisdictional, multidisciplinary exchange of public health and medical related information and situational awareness between the healthcare system and partners.

Medical Surge

The work of this committee includes assisting the Region 11 RHCC Chair in providing adequate medical evaluation and care planning during incidents that exceed the limits of the normal medical infrastructure within the community. Those with particular interest and/or expertise in pediatrics are encouraged to participate.

Responder Health and Safety

Responder Safety & Health develops, refines, and sustains strategies to provide assistance to healthcare organizations with planning, equipping, and training to meet both decontamination and pharmaceutical anticipated needs.

Training and Exercise

Training & Exercise Committee includes the coordination of trainings for healthcare responders and supporting agencies in order to provide the required knowledge, skills, and abilities needed to prepare and respond to a disaster.
