

**Healthcare Partners**

Members of long-term care facilities, dialysis centers, FQHCs, and other healthcare partners meet to address emergency preparedness requirements and subsequent issues facing their facilities.

Information Sharing

The work of this committee includes the coordination and ability to conduct multijurisdictional, multidisciplinary exchange of public health and medical related information and situational awareness between the healthcare system and partners.

Medical Surge

The work of this committee includes assisting the Chair, Region 11 RHCC, in providing adequate medical evaluation and care planning during incidents that exceed the limits of the normal medical infrastructure within the community. Those with particular interest and/or expertise in pediatrics are encouraged to participate.

Responder Safety and Health

The work of this committee includes developing, refining, and sustaining strategies to provide assistance to healthcare organizations with planning, equipping, or training to meet both decontamination and pharmaceutical anticipated needs.

Training and Exercise

The work of this committee includes the coordination of trainings for healthcare responders and supporting agencies in order to provide the required knowledge, skills, and abilities needed to prepare and respond to a disaster.
